

CROSSING WIRES

ART + SCIENCE COLLABORATION

2-20 November 2009

2-20 November 2009

Monday - Friday 9am - 5pm
Saturday 10am - 1pm

Tuatara House
295 K'Rd, (opposite ArtSpace)
Newton, Auckland

CROSSING WIRES

ART + SCIENCE COLLABORATION

The 'Crossing Wires' installation provides a window into the seldom seen world of the science laboratory blended with performance exhibition art. The installation will offer the public the opportunity to experience science experimentation and participate in active dialogues on the cultural, social and temporal constructions of our sensed reality.
